ABSTRACT:

THRƐƐƐ is basically a user interface and user-friendly website. The basic source of entertainment is through movies, music and games. This has become more prominent during this covid pandemic. So **THRƐƐƐ** provides a common platform for these types of entertainment.

MOVI**E**

GAM**E**

TUN**E**(MUSIC)

User can choose an option among these three categories. User can watch a movie or play a game or listen to music based on his/her interest. A registered user can directly enter to the website by logging into his account using username and password.
